INTENDED PARENT(S) QUESTIONNAIRE FOR SPERM DONATION

The Intended Parent Consultation is intended to help you determine readiness in addressing the issues and implications of third-party parenting.

- Please complete this questionnaire and bring it with you to the appointment.
- Please follow directions (last page) to find the office door in this home-based practice.
- The charge for the consultation is \$300 payable by check or cash only.
- If you are in a relationship, both partners need to attend.
- This one session consult is applicable to agency-matched donors only.
- Matches with a family member/friend require phone pre-screening and 3 sessions.

Date:

Name(s):

Home address, telephone number, and email address:

Name of report recipient, name of clinic or agency, and address:

What is your age(s) and date of birth?

If in a relationship, how long have you been together or married?

Do you have children? If so gender and ages:

What is your occupation(s)?

How would you describe your relationship?

Apart from fertility concerns, do you have other medical issues? If so, please describe?

Do you have a past or present history of (if so please explain):

- legal problems?
- problematic use of drugs or alcohol?
- major psychiatric problems?
- inpatient or outpatient counseling?
- previous abortion(s)?
- significant losses or crises?

Please summarize your infertility history including treatment pursued:

Why are you pursuing sperm donation?

Why do you feel ready to move on to this family-building option?

Infertility and its treatment are stressful. From whom do you receive emotional support? What do you do to reduce stress?

Do you have an understanding of the medical treatment protocol (IUI and/or IVF)?

Are you aware of the following IUI and IVF potential issues and know how you intend to address them?

- selective reduction (reduction to a twin pregnancy)?
- number of embryos to transfer (single, double, or multiple embryo transfer)?
- disposition of extra frozen embryos (donate to science, discard, or donate to a couple/individual)?
- pre-implantation genetic diagnosis (PGD)?
- genetic abortion (for medical necessity or quality of life)?

Do you have an understanding of the legal contract for you and the donor?

Do you have an understanding of medical and agency fees?

Are you aware of cryobank options?

Have you chosen a cryobank? If so, which one?

What have you decided regarding the following donor selection factors:

- known success or newly registered?
- willingness to be on a donor registry?
- personality characteristics?
- physical characteristics/ethnicity?
- importance of intelligence/education?
- family history concerns?

Is your intention to disclose sperm donation to your child? Why or why not?

How and when would you choose to disclose to your child?

Is your intention to disclose sperm donation to family and friends? Why or why not?

Do you have any moral, legal, religious, or ethical concerns with sperm donation?

If your donor is a family member or friend, please describe your situation. Include the closeness of your relationship, if there are unresolved issues, agreement around disclosure, relationship expectations with the child and family, and issues delineated in the separate legal contracts. These are particularly important issues when donors are friends or family members, and your relationship is open and ongoing.

Informed Psychological Consent

I give my written consent for psychological consultation to discuss my plan to participate in sperm donation. I understand that the psychological consultation consists of an interview with a licensed psychologist who specializes in the area of third party reproduction. I understand that as an intended parent using donor sperm that I will be asked to discuss psychological and social issues concerning the use of donor sperm so that I can make an informed and responsible choice. It is impossible to state with any degree of certainty the long term psychological impact of using a sperm donor. However, we will discuss areas of potential difficulty, including the break in genetic continuity, the offspring's potential curiosity about the donor and other possible feelings and questions that may arise in the future. I give my permission for Janetti Marotta, Ph.D. to provide this counseling.

The fertility center staff will ask Dr. Marotta to provide information learned during the consultation so that the medical team may better assist the recipient(s) with the procedure. I give my consent for Dr. Marotta to communicate verbally and in writing with the medical staff including physicians or other medical staff. I also understand that the consultation may cover information contained in my medical records. I give my permission for Janetti Marotta, Ph.D. to obtain information from my medical records.

Other than communication with the fertility center staff, I understand that Janetti Marotta, Ph.D. will keep communication from the consultation confidential. However, I acknowledge that there are exceptions to confidentiality mandated by law, and that a court can mandate disclosure of otherwise confidential information. I understand that Janetti Marotta, Ph.D. is required by law to report child and elder abuse that comes to her attention and to report indications that an individual intends to take harmful actions against another or his or herself.

I have read the above and understand the content and agree to the conditions as stated. I understand that I am entitled to a copy of this consent form. This consent lasts for one year.

101 DIRECTIONS

- Exit Embarcadero Rd/Oregon Expressway
- Veer toward Oregon Expressway
- Right on El Camino Real (major intersection after underpass)
- Left on Stanford Ave (3rd traffic light--left hand turn lane)
- 1655 Stanford Ave.—between Bowdoin (stop sign) and Amherst

Note: if you mistakenly head West on Embarcadero from 101 instead of on Oregon Expressway turn Left on El Camino and Right on Stanford--this way is equally good.

El Camino Real to 1655 Stanford Ave is approx. 3/4 mile. House is right after Bowdoin (stop sign). Bowdoin is between Harvard (traffic light) and Peter Coutts (traffic light).

1655 Stanford Ave. is next door to the University Lutheran church and the only house on block. Do not try to locate house while driving, as trees and bushes block it from view. Once parked, you will see the house number and walking bridge that enters the property.

Office is in back of house (please do not come to the front door). From walking bridge, continue straight through the gate (business card on gate) into small backyard. You will see an indoor/outdoor waiting room. Please make yourself comfortable on the couch. There's hot water for tea.

280 DIRECTIONS

- Exit Page Mill Rd (head East on Page Mill)
- Left at Junipero Serra/Foothill Expressway
- Right at first light--Stanford Ave.
- 1655 Stanford Ave.—between Bowdoin (stop sign) and Amherst

Junipero Serra to 1655 Stanford Ave. is approx. 3/4 mile. House is right before Bowdoin (stop sign). Bowdoin is between Peter Coutts (traffic light) and Harvard (traffic light).

1655 Stanford Ave. is next door to the University Lutheran church and the only house on block. Do not try to locate house while driving, as trees and bushes block it from view. Once parked, you will see the house number and walking bridge that enters the property.

Office is in back of house (please do not come to the front door). From walking bridge, continue straight through the gate (business card on gate) into small backyard. You will see an indoor/outdoor waiting room. Please make yourself comfortable on the couch. There's hot water for tea.
